Marble Dealers.

BOSTON, March, 1879.

In publishing this book we trust it will be of some use to Builders, and give them some little idea of what they can find by calling at our store, which is the only one of the kind, where is kept in stock everything in the

BUILDING TRIMMING LINE.

Our store is so situated that you have easy access to all Depots, and in the immediate vicinity where there are about nine Door, Sash, and Blind stores, a number of Marble, Hardware, and Lumber dealers.

We endeavor to have in stock everything that comes in our line of business, and we begin this year with lower prices than any year previous.

Please look this book through carefully, and if not in want of anything at present, keep it for future use.

Trusting you will call, and give us the pleasure of showing you our goods, we remain,

Yours respectfully,

JOTHAM W. BAILEY.
EDWARD S. BAILEY.

J. W. BAILEY & SON.

The first thing we call your attention to is our stock of

PINE MOULDINGS,

Which are of first quality, and on which we are giving

Very Large Discounts.

We have all kinds that are in common use, of various styles, a few sizes of which we give below:—

Architrave Mouldings, or inside finish, 3 in. 3½ in. 4 in. and 4½ in. wide.
Back Bands for same, different sizes.
Base Mouldings,—1 in., 1½ in., 2 in., 2¼ in., and 2½ in.
Sur Base, Panel, (both raised and flush).
Band,—2 in. 2½ in. and 3 in.
Bed.—Every half inch, from 1½ in. to 4 in.
Crown,—Every half inch, from 1½ to 5½ in.
Cornice, and Room or Picture Mouldings.

Rake for Gutter, Plaster Bead, Staff Bead, Fence and Sheathing Cappings, Partition Door Frame Moulding, Ceiling Cleat for same, Window Screen Moulding, &c.

Any style or kind of moulding that we do not have we can stick to order at short notice.

IN

BLACK WALNUT MOULDINGS,

We have styles and sizes such as are used by

CABINET MAKERS

And for the

JOBBING TRADE in GENERAL,

ALSO

ROOM MOULDING,

(1¼ inch, 1½ inch, and 2 inch), such as are used by

PAPER HANGERS.

ANY STYLE STUCK TO ORDER.

LIBERAL DISCOUNTS GIVEN.

If you wish to save something on your Room Moulding (to hang pictures on), call and see our Moulding with a Black Walnut finish.

HOOKS FOR ALL SIZES.

4 " . .	"	25c.	"	37c.

Any of the above sizes furnished with despatch, either whole, halved, quartered, or quarter taken out to go on to corner. In ordering, state which is wanted, giving size and kind; also remember we have right and left hand twist.

CARVED AND PLAIN FANCY WOOD

MOULDINGS,

For Cabinet Makers, Carriage & Car Builders,

of which we have about two hundred patterns to select from. A few of these we have in stock, and all others furnished at short notice.

Finish is about the same as Black Walnut in the white.

PRICE OF GUTTERS,

FIRST QUALITY.

3 × 4	. .	6 cents per foot.	4 × 7	. .	14 cents per foot.
3 × 5	. .	7 " " "	5 × 6	. .	16 " " "
4 × 4	. .	9 " " "	5 × 7	. .	22 " " "
4 × 5	. .	10 " " "	5 × 8	. .	25 " " "
4 × 6	. .	12 " " "			

CONDUCTORS.

1½ inch bore, 6 cents per foot.		2½ inch bore, 12 cents per foot.	
2 " " 10 " " "		3 " " 14 " " "	

We call particular attention to our Gutters, which we have made for us from Michigan stock (instead of Eastern stock as before) and coated inside with a

Waterproof Composition,

Thereby preserving the wood from decaying. This new improvement should not be passed unnoticed. You will also see that we make no extra charge for it; and we are in hopes to furnish you with as good, if not better, stock than in the past. We have increased our stock to the above sizes, and can furnish them in any quantity desired. Parties using large quantities will do well to call on us before buying.

CAPS AND IRONS FOR CONDUCTORS.

SEE THAT YOUR GUTTERS ARE

OUR STOCK OF DOOR OR

HOOD BRACKETS,

comprise about fifty different styles and sizes, varying from 12 inch to 32 inch projection.

WE HAVE A NUMBER OF

PIAZZA SCROLL BRACKETS

On hand, and make to order any styles that may be desired.

ALSO AN ASSORTMENT OF PATTERNS FOR

COVING BRACKETS,

The most of which have to be made to order, sizes and styles varying so; and which we will make at short notice at reasonable prices.

Estimates given on Brackets.

STENCILED "J. W. BAILEY & SON, BOSTON."

BLACK WALNUT SHELVES

We carry in stock, of the following lengths :—

2 ft. 0 in.	3 ft. 6 in.
2 " 6 "	3 " 8 "
2 " 8 "	3 " 10 "
2 " 10 "	4 " 0 "
3 " 0 "	4 " 2 "
3 " 2 "	4 " 4 "
3 " 4 "	4 " 6 "

PINE SHELVES,

IN LENGTHS OF

2 ft. 0 in.	3 ft. 6 in.
2 " 6 "	4 " 0 "
3 " 0 "	4 " 6 "

These shelves are made from 1¼ in stock; all lengths above 3 feet are 9 inches wide, all below 8 inches wide. They are made and smoothed up in the best possible manner.

American and Italian White Marble Shelves furnished at the regular market price.

Brackets for Shelves from 15 cents to $2.00 per pair.

STAIR WORK DEPARTMENT, see page 14.

WHOLESALE & RETAIL AGENTS

FOR THE PATENT

Marbleoid Shelves.

These are something new, and are made of hard wood; and under a patent process are marbled or enameled, giving a highly polished surface that cannot be distinguished from the most beautiful foreign marbles. They have the advantage over marble in various ways such as the following:—

They will not spot or stain from kerosene oils or acids.
They are less likely to damage by transportation.
They can be screwed to brackets, thus securing them firmly.
They are much less in weight.
The price is much less than of the Marbleized Slate, and no one can give any reason why they are not in every respect as good, and in many respects much better, some of which you will see as above. We have them of the following lengths:

1½ ft., 2 ft., 2½ ft., 3 ft., 3½ ft., 4 ft. and 4½ ft.

Any odd sizes manufactured to order, at manufacturers' prices, as will be seen below.

"This is to certify that J. W. BAILEY & SON, 14 Charlestown St., Boston, are agents for the sale of our Marbleoid Mantel Shelves, and all orders sent to them will be the same as if sent to our office.

"Jan. 1st, 1879. New England Marbleoid Co."

BRACKETS SUITABLE FOR THE ABOVE SHELVES.

HARD PINE.

Stop or Box Beads of the following sizes and lengths:—

$2\frac{3}{8}$ in.	wide,	$\frac{1}{2}$ in.	thick,	4	ft.	6	in.	long	For Frames that set on boarding ($5\frac{1}{4}$ pulley styles) with $1\frac{1}{2}$-inch Sash.
"	"	"	"	5	"	2	"	"	
"	"	"	"	5	"	6	"	"

In fact, everything that is wanted in the

BUILDING TRIMMING LINE.

BLACK WALNUT ROOM MOULDINGS, FINISHED, if desired.

STAIR WORK DEPARTMENT.

In order to see fully the quality and finish of these goods, you should call and examine them. We have a full assortment of

STAIR BUILDERS' SUPPLIES.

Of which we give you a few illustrations to select from, in case it is not convenient to call.

We fill orders promptly on Stair Work, making the Turns, Ease-offs, Ramps &c., warranting them to fit according to order given.

Before going further, we wish to call your attention to the fact that the following styles of Built Newels *cannot* be found anywhere else in Boston. So beware of imitations.

On the following page you will find a few directions to be carefully followed in ordering.

DIRECTIONS.

1. Give number and sizes of Newel Post, Rail, and Balusters; what frame-post is wanted, if any. It would be well when ordering to give a sketch or drawing of stairs.

2. In ordering give us the exact rise and run of your stringer as sawed in the rough.

3. Give number of *risers* instead of number of steps.

4. Length of Rail on gallery, measuring from face of gallery board, we allowing for all projections of nosings.

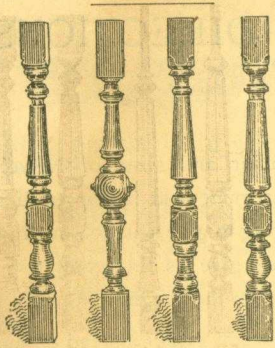
5 If the stairs are straight, with a continued rail, at landstate how much the well-hole sets in back of the face of the top riser, giving the radius of well-hole; and if landing post is to be used, state if well-hole is square, if not, give the radius.

6. If the stairs are circular, make a diagram, and give the exact width of each step on face stringer, as sawed, giving size of well-hole.

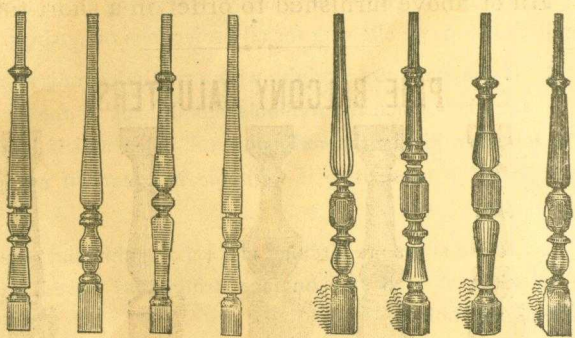
7. In all cases state whether the Rail is on right or left hand going up stairs, and which is wanted, straight or Side Ease.

Keep in mind that Room Moulding with a Black Walnut finish.

FANCY TURNED BALUSTERS



Nos. 7 10 8 6



Nos. 2 3 18 1 4 20 22 5

Our regular lengths for Balusters are 31 and 32, and 27 and 28 inches. The difference in long and short Balusters is always in the base, excepting Nos. 1, 2, and 18. The following are the sizes and styles kept in stock: — 1⅜ in., 1½ in., 1¾ in., No. 1; 2 in., No. 2; 1⅞ in., No. 4; 1⅞ in., No. 6. All others furnished at short notice.

All Balusters sent with Dowel, if not otherwise ordered.

Rail worked to Architects' designs.

On page 15 you will find directions for ordering Rails.

We are adding from time to time new designs of BUILT NEWELS, and other goods used in the construction of Stairs. We have the new Rail Bracket for securing Hand Rails to wall or partition.

Can be applied to either right or left hand rails at any angle desired.

They prevent the rail from sagging or getting out of place.

The cheapest and most ornamental Bracket for the purpose ever invented.

It received the First Prize at the Mechanics' Fair of 1878.

Remember that Rail Brackets made with *swivel sockets* are not as firm. *Rivets* often *break*, and it takes much more time to adjust them to the rail than it does this simple bracket. We also have

RAIL TRIMMINGS

of all kinds, one of which we speak of in particular, and that is, our Rail Plates to fasten end of rail to wall: by using these you can do the work much easier and neater than by nailing.

SIZES KEPT FOR ALL COMMON RAILS.

For cheap flights or back stairs we have
3 in., 4 in., and 5 in. Whitewood Posts.
3 " No. 1 Rail, "
1 " Spruce Balusters 2 ft. 10 in. long.
1 " Pine Balusters 2 " 10 " "
Also 1 in. Black Walnut (plain) Balusters 2 ft. 10 in. long.
Anything in this line furnished to order when desired.
